NEF – Nursery Education Funded Sessions

Please note: Fees are subject to an annual review in July

Nursery Education Funding is available to all three year olds from the term after their third birthday. Currently, nursery funding provides the maximum of five 2.5 hour free sessions to parents. Parents complete a form at the commencement of each term choosing the number of sessions they would like to take up. If you wish your child to attend all-day you will be able to claim two 2.5 hour nursery funded sessions against this.
